

Presidential YMCA

This should be sung to the tune of the Village People's "YMCA"

Young man, are you listening to me?
I said, young man, Constitutionally
Washington fought for lib-ert-y
And a new de-moc-ra-cy
Young man, learn from George Washington
Think of all-our first president's done
He made a cabinet -with Jefferson,
Knox, and Alex Hamilton.
George helped create the US of A
The first PREZ in the US of A
Washington's character
They had to employ
Then Americans said, "O boy!"
George helped create the US of A
The first PREZ in the US of A
No king's a big deal, the capitol wasn't sealed,
Washington still kept an even keel,
Young man, our debt was sky high
Alex Hamilton would give it a try
He's a young man, a financial genius
Maybe he should come help us!
No man does it all by himself.
So the First Lady-Martha did help
For gentlemen, George gave levees
But preferred Martha's nice Teas
George helped create the US of A
The first PREZ in the US of A

Washington's character

George helped create the US of A
The first PREZ in the US of A
Jay's Treaty stopped war,
Though unpopular,
The Mississippi's blocked no more,
Young man, where should the capitol be?
I said, young man, in New York or Phili?
Madison said, I know where it should be
And called Washington, D.C.
Washington believed in liberty,
He made us the land of the free
People listened to what he did say
He kept us out of the French fray
George helped create the US of A
The first PREZ in the US of A
Washington's character
They had to employ
Then Americans said, "O boy!"
US of A
The first PREZ in the US of A
Young man, young man there's no need to feel down
One day you might be White House bound!
US of A
George helped create the US of A
Young man, young man are you listening to me?
Washington began this land of the free
